TWO AUTHENTIC REVIEWS OF HERRIN AFFAIR

OFFICIAL OF MINERS AND MILITIA OFFICER FURNISH STATEMENT

Willis Lays Blame Squarely on Mine Operators—Does Not Deny That Affair was Massacre—Colonel Hunter Said Local Officials Insisted Troops Were Not Needed

(By The Associated Press)
HERRIN, June 23.—Attempts tonight after everything was quiet to sift thru the maze of rumors, reports, contradictions and facts of the mine war to obtain an uncolored account of the events leading up to it brought two authentic reviews, one from a union official and another from a state military official.

Hugh Willis, district board member of the miner's union, in the first statement from union officials containing the massacre, told newspaper reporters the blame lay squarely on the coal operators who imported strikebreakers. He declared the first shots were fired by the strikebreakers and that one of the chief causes of the disaster was the high handed manner in which the imported workers "held up private citizens and refused to let them traverse the public highway by the mine."

He made no attempt to deny that the affair really was a massacre, but insisted it was not started by miners.

VIEWING BODIES DEAD IS FIELD DAY IN HERRIN

Men, Women, Boys
and Girls Laugh as
Pass Bodies

(By The Associated Press)
HERRIN, Ill., June 23.—Herrin's unbroken dead lay pale and stark tonight in the vacant store building that has been pressed into service as a morgue, since yesterday's mine "battle." Past them filed an unending line of women and men, young and old, barefooted boys and little girls bright in their summer clothes.

They lifted muslin cloths and peered at the pale faces and at the wounds left by pistol bullets, rifle balls and buckshot. They lingered avidly then pressed on to some adjoining horror eager to miss nothing. Never a word of pity from the crowd. These were the enemy slain in a labor war. These were the men who came to take away their jobs. Outsiders, however, they were. To the town's right. That was the attitude of the town as expressed by its men and women and its children. Tears, none. Sympathy, not much. These were the enemy.

The dead of half a dozen nationalities with sloping foreheads of the Slav, of the native born, the long mustaches of eastern Europe, lay at peace for all the crowds, the laughter and the sunlight. Bricks beneath their heads for pillows, pine boxes for their beds they lay waiting the call of friends and relatives who loved them once and have lost touch with them in the vicissitudes of transient labor. Most of them, it is safe to say, will be forgotten in the potter's fields, their meagre courses run, their stories finished.

They came here because they wanted a living and because other men wanted to make money. They died hunted across the fields, stoned, shot at, tied and dragged down the country roads because other thousands feared these men would take away their living.

The trees are green in Herrin and the birds are singing and the roses are ripening in the midsummer sun. From the morgue the crowds drift to the billboards in front of the "movie" house to see what the posters promise: to the drug store for soft drinks, then home for supper. Only the outsiders show surprise and horror. People here say:

"This is our business. Sorry but it's done. Let us alone. We'll handle this all right. We're good people to get along with—good as anybody if you mind your own business. We'll attend to ours."

SILOUX CITY, Iowa, June 23.—Former District Judge G. S. Garfield, 74, of this hotel, Iowa, was found dead in his hotel room today. Heart disease was given as the cause. He has been attending the state convention of the Iowa Bar association.

AGREEMENT ON NAVAL BILL IS REACHED FRIDAY

Provision Made for
Continuing Work on
New Naval Vessels

(By The Associated Press)
WASHINGTON, June 23.—A senate provision for continuing work at a normal rate on naval vessels under construction and appropriating \$3,000,000 to initiate a civilian naval reserve were retained in the naval appropriation bill under a complete agreement on the bill reached today by the senate and house conferees.

In accepting the senate provision for continuing the plan urged by Assistant Secretary Roosevelt before the senate committee—the house conferees were said to have made an important concession. Under the plan two weeks training on eagle boats and destroyers will be given to 3,000 men and 10,000 officers who will be enrolled and subject to call for service like the national guard.

In addition to the 7,500,000 increase for naval construction the house conferees accepted a senate amendment authorizing transfer from the shipping board to the navy department of \$3,000,000 of indebtedness owed to the board by private contracts, the additional \$3,000,000 to go into the naval construction fund.

The senate conferees yielded in the provision for retirement of about 2,700 petty officers of the navy who will be placed on the reserve list. The senate had voted to retain them in active service.

A senate amendment increasing the appropriation for the Great Lakes Naval Training Station from \$160,000 to \$200,000 was accepted by the house conferees.

As agreed to in conference, the bill carries about \$293,000,000 and the conference report is to be hurried thru congress before the proposed house adjournment tomorrow if necessary.

DETROIT SYNDICATE BUYS RAILROAD

(By The Associated Press)
SAN FRANCISCO, Cal., June 23.—James Sexton, acting president of the Eureka and Nevada Railroad company announced here today that a deal had been concluded by the sale of the road to a syndicate of Detroit automobile interests and Philadelphia capitalists.

Mr. Sexton said he had heard reports that Henry Ford was connected with the transaction but knew nothing of it himself. The deal was concluded by telegraph with H. M. Briggs, a New York attorney representing the purchasing interests. The railroad is 52 mile narrow gauge line running between Eureka and Palisade, where it connects with the Western Pacific and Central Pacific railroads.

TRACK WORKER FALLS TO DEATH

(By The Associated Press)
WEST FRANKFORT, Ill., June 23.—An unidentified Mexican track worker plunged today from a mine tippie today after being pursued by 75 persons. Two other Mexicans who were with him escaped. The pursuit began when a rumor was circulated that a girl had been attacked.

The report apparently was without foundation.

The frightened Mexican ran to the top of the tippie and plunged off.

JAPAN DECIDES TO EVACUATE SIBERIA

TOKIO, June 23.—The Japanese cabinet today decided that Japan shall evacuate Siberia, according to reports carried by the Japanese News Agencies. The decision has been referred to the imperial diplomatic council.

The decision is declared to constitute a reaffirmation of Japan's policy in Siberia. The date of evacuation will not be fixed until after a chamberlain has been considered by the diplomatic advisory council tomorrow.

CHARITY PATIENT NEPHEW OF 'UNCLE JOE'

MEMPHIS, Tenn., June 23.—Joseph Cannon, a charity patient in a hospital here who claimed to be a nephew of "Uncle Joe" Cannon, died tonight after an illness of several days. Cannon also was claimed to have a daughter, Mrs. Marie Williams, living in Covington, Ky., says no further information regarding himself.

ADMINISTRATIVE HOPES TO SETTLE COAL STRIKE SOON

Officials Expression of Regret Over Outbreak at Herrin

(By The Associated Press)
WASHINGTON, June 23.—With official expressions of regret for the mine outbreak in Illinois, it was made known today that the administration still was pressing efforts to bring about a settlement of the bituminous coal strike thru a conference between the two parties and has some hopes of success. There were white house intimations that publicity for the details of the attempt might not be helpful and that details consequently would be withheld. President Harding was said to deplore the Herrin events and to realize in them evidence of the bitter hostility arising out of the strike, while Secretary Davis who was twice in conference with the president, issued a statement declaring that those responsible for the outrages should be punished to the fullest extent of the law. The president is awaiting an official report on the events in the Herrin field which he is said to expect shortly. Efforts to bring about the desired settlement at present lie along the lines of getting the mine operators and the miners' union representatives into a joint gathering. Secretary Davis added.

Objective Defeated
This objective has been defeated to date because the operators have refused to reinstate the central competitive field gathering, empowered to fix wages for Illinois, Indiana, Ohio and Western Pennsylvania as the miners demand.

The miners' leaders have countered in the informal negotiations with a proposal to meet in a national conference fixing wages at one time for all fields or attempting the task. The operators in union territory have in public held out steadfastly for a series of district and state conferences and the net result has been no conferences of any kind.

Mr. Davis has had several special assistants interviewing individuals on both sides and endeavoring to find common ground for a meeting. The present prospects that this could be done were said to be somewhat brighter than in previous weeks.

HOUSE ADJOURNS WITHOUT ACTION ON MUSCLE SHOALS

Filibuster Started by Voight
Holds Off Action on Provision

(By The Associated Press)
WASHINGTON, June 23.—Because of a filibuster by Representative Voight, Republican, Wisconsin, the house adjourned tonight without taking action on the provision of the army bill voted by the senate approximately \$7,500,000 to continue construction work during the next fiscal year of the Wilson Dam at Muscle Shoals, Ala. Action on the proposal went over until tomorrow when the house agreeing to meet an hour earlier than usual.

Investigation by the senate agriculture committee of proposal to develop the Muscle Shoals properties was virtually concluded today. Chairman Norris announced after the committee had heard Philip Wells of Williamstown, Conn., that all witnesses had been examined and he regarded the committee task accomplished insofar as open session work was concerned. Mr. Wells appeared at the request of Chairman Norris as an expert on conservation policies as applied by the government to questions of leasing and selling public owned lands and power sites to private enterprise. As an extensive assistant to Gifford Pinchot, when the latter was chief of the forestry service and later of Secretary Fisher of the Interior Department Mr. Wells declared he had never known of a "more outrageous offer than that submitted by Henry Ford for the Alabama properties." Wall Street men, he said, "were piqued as compared to Mr. Ford in the matter of Muscle Shoals."

LARGE NUMBER OF OPINIONS HANDLED DOWN

Des Moines, Iowa, June 23.—The largest number of opinions ever handed down by the Iowa supreme court in one day was recorded today when the court filed with the clerk 87 completed opinions and a dozen rulings. The court today denied William Olander's motion for a rehearing of his appeal for a new trial. Olander is scheduled to hang August 11. The court affirmed the decision of Judge E. B. Stiles of Waterloo, in the case presented by the First National Bank of Rockford versus Galloway Brothers & Company on suit of promissory note.

MILITARY COURT TO MAKE PROBE OF MINE TROUBLE

Five Officers of National Guard Will Entrain for Herrin

(By The Associated Press)
SPRINGFIELD, Ill., June 23.—A military court of inquiry, composed of five Chicago officers of the Illinois National Guard was ordered to entrain immediately for Herrin, Illinois, it was announced by Adjutant General Black at 5:15 p. m., following a telephone conversation with Governor Small.

The appointment of the court, General Black said, was made, after he had explained to Governor Small that conditions at Herrin were quiet and that he had instructed officers of the guard that had been mobilized to hold their men at call, but to permit them to return home to sleep tonight.

Guard companies mobilized this morning and permitted by tonight's order to go home for the night are at Chicago, Delavan, Cairo, Danville, Salem and Mount Vernon.

"Getting the men together," the general said, "is the smallest part of mobilization. Everything is ready. Equipment has been put in shape for immediate entrainment. There is no need," the general continued, "of keeping the men together. It would require mobilizing 1,000 cots and an immense quantity of straw and mattresses, whereas nothing will be lost by letting them go home. Officers have complete telephone lists and can get them back in quick order."

WILL START ACTION TO RECOVER DAMAGES TO MINE PROPERTY

Attorney Says Williamson County is Liable for Full Amount

(By The Associated Press)
CHICAGO, June 23.—Legal action for the recovery of damages sustained by the Southern Illinois Coal company as the result of the mine riots at Herrin and the destruction of the company's strip mine there will be started immediately against the United Mine Workers of America and Williamson county in behalf of the company and the families of its dead employees, Follett W. Bull, attorney for the coal company announced tonight.

The suit against the United Mine Workers, the attorney pointed out, will be the first suit under the Coronado decision by the supreme court holding labor organizations liable for damages. The suit against the United Mine Workers probably will be filed in the federal court at Indianapolis and that against Williamson county at Marion, Illinois, the county seat.

Attorney Bull declared Williamson county liable under the constitution for the full amount of damages which he said were unestimated because every effort to reach the mine had failed.

The action against the miner's union may also include suits against John L. Lewis, president of the mine workers, whose telegram declaring the company's imported employees "were common strike breakers," was the spark which touched off yesterday's conflagration, Mr. Bull averred.

FOUR DEAD IN MANITOBA STORM

BRANDON, Manitoba, June 23.—Four persons are known to be dead and a number injured as a result of the storm which swept the central portion of Manitoba early today. At least three were "seriously injured." An increase in the casualty list is expected when complete reports from all sections of the province are available.

LIONS WILL MEET IN ATLANTIC CITY

HOT SPRINGS, Ark., June 23.—Atlantic City was selected as the next meeting place of the association of Lions Clubs at its closing session today.

Edward S. Vaughn of Oklahoma City was elected president and John S. Noel, Grand Rapids, first vice-president.

GOVERNOR SMALL DEMANDS FULLEST INQUIRY AT HERRIN

Will Not Withdraw Order for Mobilizing of State Troops

(By The Associated Press)
WAUKEGAN, Ill., June 23.—Governor Small demanded the fullest inquiry into the riot at Herrin and ordered a military investigating board, headed by Major General Milton J. Foreman, commander of the 33rd Division, to entrain immediately for the scene.

Angered by the failure of his own representatives at Herrin to keep him posted on developments and the apparent laxity of Williamson county officials in maintaining order the governor announced that he had ordered the lid lifted off affairs in the coal fields and would find out before he is thru what is wrong.

Meantime the governor said he was not in a mood to withdraw the order he had issued for the mobilizing of 1,000 guardsmen for possible duty to be withdrawn.

Mr. Medill telegraphed the governor he was afraid the mobilization order might inflame the striking miners.

TRIAL OF GOVERNOR SMALL ENTERED ITS FINAL LAP YESTERDAY

Defense Closes and State's Attorney Mortimer Begins Closing Argument for the State—Expects to Conclude at 11 o'clock Today—Case to Jury This Afternoon

(By The Associated Press)
WAUKEGAN, Ill., June 23.—Trial of Governor Len Small, charged with conspiracy to defraud the state by false pretenses, entered the last lap this afternoon. C. Fred Mortimer, state's attorney of Sangamon county, began his final address to the jury at 4 o'clock, talked for an hour, and then court adjourned until tomorrow morning when the prosecutor will complete his argument.

Mr. Mortimer said tonight that he would conclude by 11 o'clock tomorrow. Judge Edwards then will read his instructions to the jury. The case probably will be in the jurors' hands by 12:30 o'clock and after lunch they will start their deliberations.

LA FOLLETTE IS DENOUNCED FOR ATTACK ON COURT

President of American Bar Association Flays Senator

(By The Associated Press)
SILOUX CITY, Iowa, June 23.—Senator LaFollette, of Wisconsin, was bitterly denounced today by Cordelia A. Severance, president of the American Bar association for his Flag Day attack on the Supreme Court. Speaking before the annual convention of the Iowa State Bar association, he pointed out that Senator LaFollette's proposal to give congress power to nullify acts of the court in declaring laws unconstitutional would do away with the country's entire system of law and leave the leave the citizen unprotected in his life, liberty and property.

Unification of Iowa courts to provide greater efficiency was advocated by Jesse A. Miller of Des Moines, president of the state association. An outstanding feature of the plan is to vest the judicial power of the state in one great court embracing every judge and to divide this court into different branches and departments. The aim is to lessen the cost both to the litigant and the public by doing away with needless clerical work and duplication of records.

James A. Davitt was elected president; Truman A. Stevens, state supreme court justice, vice president, and H. C. Horack, Iowa City, secretary and treasurer.

NEGRO HANGED AT NEW DUCUS, TEXAS

HOUSTON, Texas, June 23.—Warren Lewis, 18 year old negro was hanged at New Dacus, Montgomery county today after confessing to a mob of 300 persons that he had assaulted a young white woman living near the city, according to word received tonight.

COSTS BEBE \$15 FOR SPEEDING

LOS ANGELES, Calif., June 23.—Bebe Daniels, motion picture actress who was arrested in Glendale, a suburb, for violation of the speed ordinance, today was fined \$15 by Justice of the Peace Lowe. A representative of the automobile club of Southern California appeared for her and paid the fine.

LEAVE FOR HERRIN MILITARY COURT

CHICAGO, June 23.—General Milton J. Foreman and the five other members of the military board named by Governor Small to investigate the Herrin, Ill., mine riots left tonight for Carbondale, Ill. They expect to reach Carbondale at 3 A. M. and proceed by automobile to Herrin, beginning their inquiry early tomorrow morning.

assistant secretary of the treasury, indicate the remarkable financial showing that the government has made during the year. The administration must be given credit for this financial accomplishment, and all of the honor does not belong to any one man.

However, it is proper to credit General Dawes, director of the budget, with having a large part in this showing. Remembering this fact, the country will not with additional regret that General Dawes is insistent that he shall now be relieved of office and permitted to return to private business life.

President Harding will have a real task in choosing a worthy successor.

The Southern Illinois mine tragedy almost surpasses understanding. It was barbarous, it was horrible, and yet it happened in the state of Illinois. The story of the tragedy would be softened if one could find there any suggestion of regret, but there is none. The men, the women, the children among the miners take the attitude that the slain men received their deaths—that they brought death upon themselves by daring to enter into competition with the union miners. Most of the slain were foreigners and the same is true of practically all the mob that assailed them. A riot might be possible in a community like this, but here it could not be characterized by the barbarity, the savagery, that ruled at Herrin.

After all, a city is truly fortunate that does not have to deal with the problems that come when foreign labor predominates.

HOW TO REDUCE ILLINOIS FARM TAXES

The Prairie Farmer offers these suggestions for the lowering of farm taxes in Illinois:

1. Levy a state income from bonds, mortgages, etc., and from fees, salaries and wages. Such a tax will be fair and just, and can be made to take much of the burden off real estate.
2. Amend the community high school act so as to stop the present unjust taxation of farmers for high school purposes.
3. Reduce county road taxes by turning the 17,000-mile state-aid road system over to the state for maintenance, the cost to be paid from the auto license fund.
4. Stop issuing tax-free securities.
5. Appoint farm bureau tax committees, and adopt a county budget system.
6. Appoint a new state tax commission.
7. Elect only such men to public office as have promised to work for honesty and economy in public affairs—and then watch them to see that they do so.

GET READY FOR A "CAR SHORTAGE"

"It is time to raise very seriously the question whether the

railroads are not approaching another period of congestion of traffic and 'shortage of cars,' says the Railway Age. 'On May 31 the number of idle freight cars was 504,702. This does not indicate any danger of a shortage of equipment. But let us consider some facts. The number of cars loaded with freight in the week ended May 28 was 521,121. The number loaded with coal was 74,241 less than in the same week of 1921 and 83,242 less than in the same week of 1920. If coal loadings had been normal the total number of cars loaded would have been approximately 900,000.

"It is but a matter of time until the coal strike will be settled, after which, owing to the depletion of coal stocks, the railways undoubtedly will be called on to move at least 100,000 loads of coal weekly more than they are moving. Experience in the fall of 1919 and again in 1920 showed that with the facilities then available it was extremely difficult for them to handle more than 1,000,000 carloads of all freight weekly.

"It is evident, therefore, that a large increase of coal shipments and a continuance of the increase of other traffic would soon tax them to their capacity. But will other traffic continue to increase?"

"There are strong reasons for believing it will. First, crop prospects, especially in the west, are unusually good. Second, building operations are growing throughout the country. Third, there are many signs that the stocks that most manufacturers and merchants have on hand are low, and that as the signs of returning prosperity become more numerous and convincing the demand for the raw materials of manufacture, as well as for finished products, will grow rapidly.

"It would appear that the only thing needed to give the railways a business that will break all records is a settlement of the coal strike. If this is the case, the only possible way to avoid car shortages and congestions within a few months are, first, to speed up the repairs of all equipment that is not in serviceable condition; secondly, to speed up the construction of new equipment and railway improvement work already ordered; and third, to begin an effective campaign to secure the most efficient utilization possible of all available railway facilities.

"In 1920 the greatest transportation difficulties in history were met and overcome by the co-operation of the railways thru the American Railway Association and by the efforts of the individual managements. The lessons learned then should be remembered and the methods used that should be revived."

APPEAL SENT OUT TO AID D. V. B. SCHOOL

Members of Ministerial Association Ask Funds to Pay Expenses Incurred—Will Require the Sum of \$550 to Pay All Expenses.

Members of the Ministerial Association have sent out an appeal for funds to pay the expenses of the Daily Vacation Bible school now in progress. The letter speaks for itself and follows:

Jacksonville, Ill.

June 23, 1922.

Dear Friend in Christ:
I am writing to invite you to co-operate with me in helping meet our church's share of the expense involved in maintaining the Daily Vacation Bible School.

The whole enterprise has proven an unusual success. So much so that after the second day it was necessary to refuse admittance to more pupils.

For the first week the average attendance was 302, with an enrollment of over 400. With the extreme weather of last week the attendance was 233.

The ten churches represented in the Ministerial Association are morally and financially back of this enterprise. The total expense of between \$550.00 and \$600.00 has been proportioned among the churches. For each child who attends the school we are obliged to expend about \$1.66 for the four weeks. Everything except hammock cord has been given to the children.

You should know that the twenty teachers who have given at least four hours a day for twenty days are to receive \$1.00 a day for their services. This item alone amounts to \$400.00. Besides this the following expenses are incurred:

Books, periodicals, helps \$ 35.00
Publicity, printing, 30.00
Craftwork supplies, 50.00
Miscellaneous, 35.00

Total, \$150.00

Teachers' salaries, \$400.00

Grand Total, \$550.00

Incidentally kindly note that no minister who has assisted in any way whatever will receive remuneration.

The church apportionments are as follows and are based upon the attendance of the children from the respective churches:

Baptist, \$ 75.00
Christian, 125.00
Congregational, 25.00
Grace M. E., 100.00
Episcopal, 25.00
Centenary M. E., 50.00
Brooklyn M. E., 25.00
Northminster, 25.00
State Street, 100.00
Westminster, 25.00

Our apportionment can easily be met if persons will give in sums of from \$5.00 to \$10.00. Will you help? Kindly bring your check or cash to church this Sunday, or send it by mail or person. Immediately. Checks should be made payable to W. H. Marbach, Supt. D. V. B. S.

SOME CATTLE FEEDING

A. A. Cuffy was telling yesterday some of his experiences in cattle feeding. In the first place he finds there is some money in it. Few frames were bought last fall and the market is rather firm and rising. He had four loads in Chicago and sold them for \$8.25. They were only medium. He bought them at \$6.50 at Hillview less than three months ago, gave them about half grain feed and good pasture. He says his pasture has lots of white clover which is almost as good as grain. He has a bunch feeding now on such pasture with no feed beside and they are going well.

William Arnold sold two loads bought last fall and fed through the winter and received \$9.00 for them.

Prince Coates was feeling very complacent over the returns for two loads sold at home, one load at \$7 and one at \$7.60. They were bought in the fall at \$4.50 at St. Louis and put on 500 pounds. They were contracted else he might have received more for them.

He says he has two loads of Hereford baby beef stock that will cost the buyer a pretty penny, as they are fine.

WINCHESTER

Mrs. Walter Cline and son of Medora arrived Friday to visit relatives. Her daughters, Louise and Ruth, have been here since Tuesday and they all expect to return home Saturday.

Miss Jennie Burgess has returned to her home in Versailles after a visit at the home of Mr. and Mrs. Fritz Haskell.

Dr. J. W. Dace returned Wednesday from Rushville where he was called by the serious illness and death of his father.

Mr. and Mrs. James Davenport of Chicago are visiting at the home of David Hawk and other relatives.

Mrs. W. B. Clark and Mrs. William G. Watt entertained a small company of friends at the home of Mrs. Watt at 1 o'clock luncheon Friday. The occasion was a very delightful one in every respect.

Mr. and Mrs. E. J. Frost are visitors in St. Louis this week.

The Winchester chautauque dates have been announced as August 21 to 25.

Mrs. W. T. McIntosh of Green Valley is here for a visit with her husband.

Ben Hieronymous and family of Beardstown are visiting relatives here.

Mr. and Mrs. Sherry of Chapin motored to Winchester Friday and are visiting at the home of Mr. and Mrs. Carl Woodall. They brought with them little Lucille Woodall, who has been visiting in Chapin for some time.

JUSTICES HELD MEETING FRIDAY

Peace Officers of Central Illinois Held Session Here—Picnic Enjoyed at Nichols Park.

A meeting of peace officers of several counties of Central Illinois was held yesterday in this city.

In the morning a school of instruction was held in the office of Justice Opperman in the Unity building. Hon. George W. Carr of Maywood, President of the Illinois Justices association was the speaker at the school. Mr. Carr discussed a number of cases and decisions and gave the assembled justices of the peace and constables much valuable instruction.

Mr. Carr also made a few remarks on the proposed new constitution for the state. He said that his birthday was the 14th of December and that he would like to celebrate it by reading of the defeat of the new constitution at the polls on December 12. He argued that the convention has been necessary because the old constitution does not need changing. Judge Carr pointed out that the constitution has been in use for 52 years and we are just beginning to get acquainted with it. He believes that expense of the past will be as naught if the new constitution is adopted.

"The Thompson machine of Cook county will unite with union labor in downing the proposed constitution," according to Judge Carr.

In the afternoon a picnic was held at Nichols Park where the officers partook of delicious foods and had a general good time.

There was a comparatively large number present; most of the Morgan county justices turning out and a goodly number from other counties.

A number did not arrive for the morning conference but went directly to the park. Among the number arriving during the morning were: J. H. Norris, Virginia; R. B. Wallace, Chapin; U. E. Brown, Milton; J. E. Kory, Bluffs; E. E. Wheeler, Carrollton; M. C. Corzine, Jerseyville; W. C. Hart, Franklin; and Thomas Wild, Murfreesboro.

Kellogg's KRUMBLES

SHREDDED WHOLE-WHEAT

deliciously flavored

Joy in work and play!

Delicious whole-wheat KRUMBLES—with the full, enticing flavor of whole wheat for the first time in food history—build red-blood health into children, renew the strength and spirit of men and women and sustain the aged.

KRUMBLES are a necessity because they offset the denatured, devitalized foods we eat daily—foods robbed of life-giving substances! KRUMBLES not only contain every atom of the whole-wheat berry, but they supply the food elements the body needs!

KRUMBLES are a vital part of a child's diet because they build bone and tissue and make red blood! KRUMBLES will develop puny striplings into robust health; they will make them into strong men and women who can go out into the world prepared right to win the priceless joys of life! Buy KRUMBLES at all grocery stores.

The only whole-wheat food with a delicious flavor!

Guards Are High Handed.

Previous to the disorder the armed guards at the mine acted in a high handed manner. They stopped people on the public highway and searched them. They refused to let anyone come near the place. They insulted women. As a result the farmers of the community became incensed. No man here was willing to stand for such action by these strikebreakers.

Mr. Will's insisted that John L. Lewis' telegram that the imported men should be treated as "common strikebreakers" did not incite the trouble.

He refused to discuss the Lewis telegram, saying that those received here came from Frank Farrington. It was understood that he made this statement because of antipathy to Lewis, whom he does not mention discussing mine unions.

James Richie another union official said that the attack was made mostly by citizens of the community who were not miners and who were incensed over the actions of the guards.

Col. Hunter's Report

Colonel Hunter's statement to the reporters said:

"On June 17, we noticed newspaper etc. that trouble was expected here. We called state's attorney Duty here and he said the situation did not look favorable. I informed him I would come to Marion with Major Davis and asked him to arrange a conference of mine owners, miners and local officials.

ROUMANIAN MEN STILL WEAR SKIRTS

Predeal, Transylvania — By the A. P.—Since Rumania wrested Transylvania from the Austrians, efforts have been made to get the men to discard their skirts and wear modern masculine attire. But they have resisted all attempts to deprive them of their hand-embroidered shirts, waists and lace-trimmed petticoats. They declare that trousers and coats are unsightly as well as unsanitary and becoming, and they have given notice to the Rumanian authorities that they will brook no invasion of their traditional habits of dress.

In this part of the Balkans the garment of the women is no less novel than that of the men. The well-to-do natives wear garments made of solid gold coins over rich embroidery. The coins are handed down to them as heirlooms from generation to generation, the number and weight of the gold pieces being a sure token to the outside world of the degree of opulence of the wearer and an ever-present incentive to the neighboring swains to marry them.

EYES OF RACING WORLD ON LATONIA

CINCINNATI, O., June 23.—The eyes of all those who admire the thoroughbred are turned toward Latonia for tomorrow afternoon under skies that the weather man says will smile a sunlit approval and over a fast track, eight of the steller three year olds of the American turf will match speed, courage and endurance in the \$50,000 Kentucky Special Race over a mile and a quarter. Also to the winner will go a gold cup, valued at \$2,000 to be presented by Governor Morrow emblematic of championship.

This classic, a masterpiece of racing, will bring together the Mervick, Pillory, Whiskaway, Olympus, Deadlock, Cherry Tree, John Finn and Thibadux, all of the same weight, 126 pounds.

Help You Choose Tires

500 miles at 94.48 miles an hour—a relentless grind over a rough-finished, sun-baked concrete and brick pavement at record-breaking speed—that is the gruelling test Oldfield Cord Tires underwent successfully at Indianapolis Speedway May 30th. They were on the winner's car for the third successive year and on eight of the ten finishing in the money, upholding the confidence successful race drivers have in the trustworthiness and ability of these tires to meet the greatest demands of speed, endurance and safety. Their records in every other important race have been equally as good.

Consider this achievement along with another test of Oldfield quality made at Wichita, Kansas, this past winter and early spring.

34,525 miles on rutted, icy Kansas roads, running day and night on a Studebaker stock car without a single tire change. This test was made by a group of Wichita automotive dealers in a tire, oil and gasoline economy run. Mayor Kemp of Wichita was official observer and made affidavit to the mileage and service given by Oldfield tires.

You may never subject your tires to the gruelling experience of Indianapolis nor the steady grind of bad winter roads, but it is good to know you can get such safety and mileage economy by buying Oldfield tires. Ask your nearest dealer.

CASUALTIES ARE PLACED AT 4,000

SHANTAI, June 24.—Altho there is no report of confirmed accuracy on the casualties in the Kiangsi mutiny, a probably fair estimate places the dead at 4,000 in Kianfu, Taiho, Wanan and Lung Chuan. The greater portions of these cities were destroyed. It is believed no foreigners were slain or taken captive.

Much foreign property, principally belonging to Christian missions has been destroyed. Great anxiety is felt regarding the fate of the Catholic Lazarist mission under Father DeJenies at Taiho, which Thursday was reported under siege by the mutineers with 600 Christian converts refugees within its compound. There has been no further news from the mission.

FISCAL YEAR WILL
SHOW BUDGET SURPLUS

Remarkable Showing Made In Government Expenditures — Col. Clifford Comments On Figures.

In the face of many difficulties a remarkable showing has been made during the fiscal year by the government in the matter of expenditures. Expenditures, it is shown, will be many millions below the budget estimate, a fact which the Republican party can view with pride.

Col. Edward Clifford, assistant secretary of the treasury, talking on this subject recently, authorized the following statement:

It is now clear that the Government will balance its budget this fiscal year, and that there will even be a small surplus over and above current expenditures. That this has been accomplished in the face of the unfavorable prospects that confronted us at the beginning of the year is due to the unremitting efforts of the government departments and establishments under the firm leadership of the President to reduce current expenditures to the utmost limit consistent with proper administration. And it is no mean accomplishment, for according to the present outlook total current expenditures for the year will be less than \$3,940,000,000 or at least 500 million dollars less than the spending departments themselves estimated would be necessary to the outset of the year. Included within these current expenditures, which in the fiscal

year 1921 by the way, had amounted to about \$5,500,000,000 on the same basis, are about \$425,000,000 of public debt expenditures on account of the cumulative sinking fund and other debt retirements chargeable against ordinary receipts. In other words, the government has during the year now closing made that much progress in the gradual liquidation of its war debt and with its budget definitely established on this basis it should look forward to substantially similar progress each year in the years to come.

As for the fiscal year 1923, which opens on July 1, 1922, the prospects are not good, and according to the best estimates now available there will be a budget deficit of perhaps as much as \$360,000,000, or rather \$485,000,000 if, as properly should be, the \$125,000,000 of accumulated interest on War Savings Certificates of the series of 1918 is taken into account.

The appropriation bills for next year have not yet all been passed, and many measures are pending in Congress which would greatly swell expenditures and still further increase the indicated deficit. Nothing can be clearer, however, than that this government owes it to itself and to the rest of the world to keep its finances clean and balance its budget in 1923 as in the three previous fiscal years, and that the only way to accomplish this is to reduce expenditures already estimated, and avoid new avenues of expenditure to such an extent as may be necessary to wipe out the

Harvey's Son-in-Law Indicted

Colonel Marcellus Thompson, indicted on a charge of conspiring to ship machine guns to Irish rebels, has pleaded not guilty to the indictment at Newark, N. J. Col. Thompson, son-in-law of Col. George Harvey, U. S. ambassador to Great Britain, is shown on the right examining a new machine gun invented by his father, General John P. Thompson.

indicated deficit. It would be a national calamity to impose additional taxes, and yet if there were persistence in any program of expenditure beyond the limits of the Government's income there would be no other course open than the introduction of new taxes to restore the balance. During the past year the record has been rather one of reduction of the tax burden, and there are still larger reductions for the fiscal year 1923, amounting to about \$500,000,000 as compared with what would have been levied under the previous law, but it will not be possible to hold to these reductions, and certainly not to make the further reductions that are so necessary to the restoration of normal conditions in business and industry, unless all hands unite to keep Government expenditures down to the minimum and to avoid all manner of useless and extravagant expenditure.

Dining Room Presents Very Attractive Appearance — Swimming Pool Soon to be Re-Opening.

The dining room at the Elks Home is to be reopened Monday. The room has been closed for two weeks past while extensive improvements have been in progress. It now presents a very attractive appearance.

Equal interest will attach to the announcement that the swimming pool is to be opened during the first week in July. The pool has been thoroughly cleaned, repainted and some repair work is in progress. Rules are now being formulated and the pool will be for the use of the Elks and their friends.

Supervision of the swimming pool is of course necessary and there will be the customary hours and restrictions. With this swimming pool and another at the Women's college available for public use this year, and with still a third pool at Nichols park in prospect, swimming facilities for Jacksonville will be better than ever before.

Written in Memory of
JOHN DAY

Through all pain at times he'd smile.
A smile of heavenly birth;
And when the angels called him home,
He smiled farewell to earth.
Heaven retaineth now our treasure,
Earth the lonely casket keeps;
And the sunbeams love to linger,
Where our sainted neighbor sleeps.

Farewell dear neighbor, sweet thy rest,
Weary with years and worn with pain,
Farewell, till in some happy place
We shall behold thy face again.
This ours to miss thee, all our years,
And tender memories of thee keep
Thine in the Lord to rest, for so,
He giveth his beloved sleep.

It is said that one we cherish
Should be taken from the home,
But the joys that do not perish
Live in memory alone.
All the years we've spent together,
All the happy golden hours,
Shall be cherished in remembrance,
Fragrant sweets from memory's flowers.

'Tis hard to break the tender cord
When love has bound the heart,
'Tis hard, so hard, to speak the words,
"We must forever part."
Dearest loved one we must lay thee
In the peaceful grave's embrace,
But thy memory will be cherished
'Till we see thy heavenly face.

Farewell rear, but not forever,
There will be a glorious dawn;
We shall meet to part—no never!
On the resurrection morn,
Thou thy dear form lies sleeping
In the cold and silent tomb,
Thou shalt have a glorious waking
When the blessed Lord doth come.
A Neighbor Friend.

NEWS OF THE SPORT WORLD

NEW YORK STATE CHALLENGES DEMPSEY

NEW YORK, June 23.—Jack Dempsey, world's heavyweight champion has seventeen days in which to accept the challenge of Harry Wills, negro for a bout for the title or have his crown put up for competition in New York state.

The decision was reached by the New York Boxing Commission today as a part of the campaign to force titleholders to meet capable contenders or quit and start all over again. Two champions, Johnny Kilbane of the feather weights and Johnny Wilson of the middleweights, have been shorn of their crowns so far as the empire state is concerned.

Negotiations for a Dempsey-Wills bout already are underway. Upon his arrival here yesterday, Jack Kearns the champion's manager, went in conference with Tex Rickard, promoter and Frank Flourens, matchmaker and it was announced that a tentative agreement had been reached a definite contract to be signed when a site was selected for the match.

YALE WINS BOAT RACE FROM HARVARD

NEW LONDON, Conn., June 23.—Rowing a steady sustained stroke of 30 to the minutes for the full four miles the Yale's varsity crew defeated Harvard's eight by close to three lengths in the feature race of the 55th regatta of the rival universities this afternoon. The story of the race is a story of a three foot lead snatched from the first few beats of the contest, gradually stretched into a three length lead at the finish of the long four mile upstream row.

The superiority of the Yale crew is well illustrated by the official time which was 21 minutes and 53 seconds to Harvard's 22 minutes and six seconds. The winner's time today fell one minute and 51 seconds behind the course record, made by Harvard in 1916.

AMERICANS WIN IN BRITISH GOLF TOURNEY

SANDWICH, England, June 23.—American players today swept the field in the British open golf championship. Walter Hagen won the cup with a score of 300 for the 72 holes. James Barnes was tied for second position with George Duncan, the veteran British player, their cards reading 301. Jock Hutchison, who led the British open title came next with a score of 302.

Hagen this evening received the championship cup and a purse of 75 pounds from Lord Northborne, president of the Royal St. George Golf Club. In a short speech Hagen said he hoped to bring the cup back to England next year and defend it. He observed that it had taken three years to get used to the field of competition.

SURPRISE DINNER GIVEN AT HOME NEAR NAPLES

A surprise dinner was given recently in honor of James Bunch at his home one and one-half miles south of Naples. This event was in honor of Mr. Bunch's 75th birthday and there were 91 relatives and friends present.

The surprise was planned by two sons-in-law of Mr. Bunch, Ratio and William Gregory. All came laden with baskets of good things to eat and at noon a delicious dinner was served. When the guests left in the late afternoon it was with the hope that Mr. Bunch may live to celebrate many more such anniversaries.

The company included Mr. and Mrs. William Gregory, Mr. and Mrs. Charles Bunch, Mr. and Mrs. Ratio Gregory, Mr. and Mrs. John Christensen, Mr. and Mrs. Joseph Post, Mr. and Mrs. Ivan Lehr, Mr. and Mrs. Clarence Fry, Mr. and Mrs. Oswald Post and baby, Mrs. Elsie Sandman and baby, Miss Vida McGlasson, Mr. and Mrs. Owen Campbell and daughter, Hilda, Mr. and Mrs. Samuel Campbell, Mr. and Mrs. James Campbell, Mr. and Mrs. Philip Gregory, Mr. and Mrs. Otis Bunch and children, Mr. and Mrs. Harvey Kesteren and children, Mr. and Mrs. James Bunch, Jr., Misses Cecil McGlasson, Leah Lear, Gladys Bunch, Alta Gregory, Eva Campbell, Mabel Campbell, Freda Christensen, Edna Bunch, Sophia Gregory, Clara Cox, Mary Cox, Faye Lear, Inez Hester, Mildred Bunch, Vera Kesteren, Viola Post, Messrs. NATURAL UPURNS

IN WHEAT VALUES
CHICAGO, June 23.—Anxiety over
heat and drought, with the fact that
the winter crop yield would be well
below the June 1 estimate led to a
material upturn in wheat prices to-
day. Extensive profit-taking sales
forced a reaction. The close was un-
settled, at the same as yesterday's
finish to 3-8¢ higher; July 81.13 7-8
to 81.14 and Sept. 81.14 7-8 to 81.15.
Corn gained 1-8¢ to 1-2¢ and oats
7-8¢ to 1¢.

Provisions finished unchanged to
the lower.
Some spring wheat territory sent
complaints also of hot winds. News
of a heavy storm in Canada failed to
have more than a transient contrary
market influence whereas Liverpool
quotations higher than had been
looked for helped noticeably to stimu-
late buying here.

According to one authority, every
day of extreme hot weather tended to
lower the prospect for the winter
wheat crop. Another expert said
any probable increase of the spring
wheat on turn would be insufficient
to offset the loss of winter wheat.
Export demand meanwhile showed
improvement.

The market was being well sup-
ported nevertheless at the finish.
Bullish crop conditions strengthened
corn and oats independently of
wheat.
Provisions were weaker in line with
the hog market.

BRADSTREET'S REPORT

WILL SAY TODAY
By Associated Press.

NEW YORK, June 23.—Brad-
street's tomorrow will say:

"Improvement slow and careful
in some areas relatively fair in others,
is still the word most commonly used
in describing the progress of distri-
butive trade of industry and of
crops. There is more doing in June
than there was in May in which
month things gained over April and
the advance over June a year ago
of course unmistakable. Indeed ex-
cept for short periods in the autumn
of last year and of 1920 reports as
to trade industry and collections are
about the best in two years. 730
week's price movement has been up-
ward and the food index has advanced
failures are slightly more numerous.
Best trade reports come from the
west with mail order houses making
excellent comparisons. Crops there
have held their own well despite some
complaints of dry weather."
Weekly bank clearings \$7,381,072.

CASH GRAIN

REPORT

CHICAGO, June 23.—Premiums and
discounts for wheat in the cash
market today were unchanged except for
No. 2 and No. 4 red which was
slightly easier. The market was
relatively steady but it was difficult
to dispose of low grades of red wheat.
Shipping sales were 150,000 bushels,
including 130,000 bushels to export-
ers. Vessel more was chartered for
300,000 bushels.

Shipping sales were 135,000 bu-
shels. Sales of 50,000 bushels were
made to go to store here.

The demand for oats was good and
the market was better with the
trading basis firm.

Shipping sales were 90,000 bushels.
Car lot receipts: Wheat, 18; Corn,
262; Oats, 73.

STEPHEN E. BINGMAN IS CALLED BY DEATH

Life Long Resident of Morgan County Passed Away Late Friday Evening — Funeral to be Held Sunday Afternoon.

Stephen E. Bingman, a life long resident of Morgan county, passed away at 9 o'clock Friday night at the home of his foster daughter, Mrs. John Baker, 500 West Morton avenue. The final summons came after only a brief period of illness.

Mr. Bingman was born near Sinclair October 10, 1857, the son of Samuel and Alabama Bingman, well known early residents of the county. His marriage to Miss Alice Coker occurred on August 20, 1884. Mrs. Bingman passing away May 1, 1917. Having no children of their own Mr. and Mrs. Bingman took into their home Clair Stockton, three year old daughter of Mr. and Mrs. J. A. Stockton, and she was with them until the date of her marriage.

The deceased is survived by one sister Mrs. Mary Stockton and one brother, C. E. Bingman, both residing in the Sinclair neighborhood.

For some years Mr. Bingman had resided in Yatesville but has spent a considerable portion of his time at the home of Mr. and Mrs. Baker in this city since their removal here a year ago. He was a member of the Berea Christian church and his life was one which was in accord with the teachings of that denomination. A man of upright character and kindly heart, Mr. Bingman had come to be one of the county's most respected citizens.

The funeral will be held at 2:30 o'clock Sunday afternoon from Hebron church, with burial in the adjoining cemetery.

REPORT LINKS ALTON AND CLOVER LEAF ROAD

A New York financial writer springs a new merger story, this time linking the Chicago and Alton line with the Clover Leaf, Buffalo, Rochester, Pittsburgh, Wheeling and Lake Erie, and Western Maryland.

He figures out that this would be a logical grouping, all the lines being given some time ago that the Lackawanna and the Nickel Plate had secured control of the Clover Leaf and Lake Erie and Eastern, but this authority ignores this phase and pays no attention to the two former lines.

The Clover Leaf succeeded the Rock Island in control of the Alton but this control was lost some years ago and since then the Alton has been operated independently. It is dimly possible that the buying in New York during the past month of Alton stock was by the Clover Leaf or at its instigation, but this possibility will, doubtless, be given little credence in rail circles. If there is a merger, it would appear that the Katy or Union Pacific would be the logical co-partner with the Alton and the suggestion of Clover Leaf control would not set well among friends of the Chicago and Alton nor its employees.—Bloomington Panagraph.

ROTARY CLUB HEARD ABOUT PUBLIC HEALTH

Dr. Brokaw Explained Some Lines of Work in County Health Department — Mrs. Gregory Gave Group of Songs.

The Rotary club at the weekly luncheon at the Pacific hotel yesterday had the great pleasure of listening to a group of songs sung by one of Jacksonville's foremost soloists, Mrs. A. R. Gregory, with Willard Wesner as accompanist.

The address of the day was by Dr. R. V. Brokaw, county health officer. The guest list of the day included A. J. Mielke, former president of the Danville Rotary club; J. H. Fox of White Hall; M. E. Brown, Springfield; Carson Metcalf of Greenfield; G. L. Weaver of Springfield.

The proposal of sending a Jacksonville Scout master to the training school to be held for ten days at Culver, Ind., a few weeks hence was referred to the boys' work committee.

Dr. Brokaw had only a brief time allotted to him for the presentation of the big subject of public health work, and so presented his address in a very much abbreviated form. He expressed his pleasure in beginning the work here in Morgan county, where it is evident that there is a sympathetic feeling in support of the health program, and no political considerations.

The speaker gave some facts and illustrations to show the advances made in preventive medicine, and the increase of interest in prevention work.

A fable was told of a city on the edge of a cliff where numerous deaths occurred each year because people slipped and fell over the precipice. A hospital was built there for their care, but years passed before it occurred to anyone to safeguard the cliff and to prevent accidents. Then the hospital fell almost into disuse.

It Can Be Done

The slogan of New York City, "Public health is purchasable" was laid down as a principle, or rather as a desirable goal. In Chicago in fourteen years' time the percentage of deaths from tuberculosis was reduced from 170 to 71, and typhoid fever from 176 to 1.

The death rate in 1840 in that city was 40 per thousand and in 1922 the rate is 10 per thousand. Like statistics were given with reference to several other cities, and some comparative figures were given to show the expenditures made for public health, police and fire departments. Functions of a health department were outlined, consideration of water and food the milk supply; sewerage and garbage; contagion; infant welfare, child hygiene, vital statistics, and public health education. There is work in still other classifications and all the subjects are closely correlated and interwoven.

Dr. Brokaw made his auditors feel that public health work is an intensely practical thing and that thru it not only can the surroundings of a city be made more attractive, but the work will also bring its definite monetary returns.

Honesty of Purposes

The speaker said that above all things he would like to be credited with honesty. He said that he might be rash in his judgment, would no doubt err, but that he hoped at all times to be honest and as very much in earnest and very honest in his purposes.

At the close of his remarks Dr. Brokaw had opportunity to bear testimony that the water supply of Jacksonville is pure and to mention what a great asset to the community is found in such a supply. He referred to the value of pasteurized milk and said that Jacksonville is fortunate in having a plant here for he said that nothing but pasteurization will insure absolute purity.

WEDDING ANNIVERSARY IS FITTINGLY OBSERVED

The 50th wedding anniversary of Mr. and Mrs. C. S. Burdick of 1034 Dayton street was observed yesterday in an appropriate manner at the home of Mr. and Mrs. Frank Metcalf, 708 South Main street.

The relatives and friends of the couple to the number of thirty-five were guests at a dinner party at the Metcalf home yesterday afternoon, given by all the children of Mr. and Mrs. Burdick. Last night there was a reception at the same home, when seventy-five or more friends were the guests.

A musical program was furnished during the evening by Fred L. Gregory and Frank Metcalf, and there were various other features which added to the interest and pleasure of the occasion.

Roast chicken dinner was served, one feature of which was a large cake bearing the initials of the bridal couple of fifty years ago and the date of the marriage. The guests of honor received a number of very handsome gifts, several gold pieces being included. The house was prettily decorated for the occasion, yellow being the predominating color in the decorations.

Mr. and Mrs. Burdick were married at St. John's M. E. church in Chicago 50 years ago yesterday. Their home was maintained in Chicago for twelve years.

They later went to Minneapolis for a period of years and then returned to Chicago.

Mrs. Metcalf is a daughter of Mr. and Mrs. Burdick and it was because she was located in this city that they decided to come here to reside. Mr. Burdick is now chief engineer at the school for the Deaf. They are members of Grace M. E. church and are active in both church and lodge circles.

All the children were here to help celebrate the anniversary and the same was true of most of the grandchildren. The children are Charles S. Burdick and John D. Burdick of Chicago, Robert Burdick of Decatur, Mrs. Grover Thompson of Doniphan, Mo., and Ben Burdick of this city.

In addition to the children and grandchildren the following were present: Mrs. D. B. Clarke, a sister of Mrs. Burdick; Mr. and Mrs. R. A. Gaines of Frankfort, Mich.; the latter a sister of Mrs. Burdick; Mr. and Mrs. D. L. Clarke and Mrs. Clinton Corrington, all of New Berlin; Mrs. Roy Hitch and family, Harry Radcliff and Dave Clark, all of Springfield.

BETTERMENTS PLANNED AT WOMAN'S COLLEGE

Trustees Held Meeting Friday Night to Consider Summer Program of Work.

Resident trustees of Illinois Woman's college held a meeting at the college Friday night, with Dr. J. R. Harker residing. A number of matters relative to the summer program of work were considered.

As previously announced plan for the use of the swimming pool by the public was authorized, Miss Margaret Hamilton, who has been instructor in swimming at the college the past year, will have charge of the summer classes. If feasible, the pool will be made available for men and boys during certain hours of the week. The purpose, as indicated, is to meet a public demand and the charges will be only sufficient to cover expenses.

The appointment of a committee of alumnae trustees was announced, to have general charge of the organization work among alumnae. This committee includes Mrs. Lillian King, Mrs. P. H. Rowe and Mrs. W. A. Fay. During the summer months Miss Esther Davis will work with the committee as field representative.

During the summer an extensive amount of repair work will be carried on at the college, under the general supervision of A. C. Metcalf, secretary of the board of trustees. Additions are to be made to the plumbing equipment and new furniture will be installed in many of the rooms.

HISTORY OF BOY SCOUT TROOPS IS RECALLED

The Boy Scout troops have come to be classed among the most important and active organizations of the city. Yesterday was history day for boy scouts and it is interesting to note the growth of the local troops.

Troop No. 5 is now more than two years old, having been issued a charter in the spring of 1929. The troop started from a group of boys known as the "Yagan Wigwag" which met each week at the Congregational church. Among the early members of the troop were Harry Capps, William Wilson, Lester Woods, William Walton, Donald Woods and "Boke" Morris.

Rev. E. Collins was the first scoutmaster and the troop had its first camp at Lake Matanzas. In the spring of 1921 Rev. G. E. Stickney became the Scoutmaster and that year the boys camped at Mercedosa. This year the boys again went into camp at Mercedosa, the party numbering about thirty. Franklin Scott is the assistant scoutmaster at present.

Another Boy Scout troop, No. 4 of Central Christian church, will go into camp next week at the Mercedosa Rotary club cottage. There will be about twenty-five boys altogether and they are planning a full week of activities. The boys have been divided into two divisions and all contests will be between the two divisions. Each group has its own colors and its own flag and the division which wins each day's contest will be privileged to display its flag the next day.

SCOUT TROOP NO. 7 WILL CAMP OUT

The Boy Scouts of Troop 7 met at Grace church last night and completed plans to camp out at Nichols Park on next Thursday night.

The boys are asked to be at Grace church promptly at 7 p. m. in uniform. The equipment each boy should bring is as follows: Blankets, lunches, bathing suits and pup tents.

The boys also completed plans for their camp at Mercedosa July 19 to 26. The scouts plan to take a radio outfit along so that they may keep up with the news in the absence of the Journal.

SUSTAINED FRACTURE OF RIGHT WRIST

James Flynn of Prentice had the misfortune to break his right arm Thursday while attempting to crank an automobile. There was a bad fracture of the wrist bone and the injured man was brought to Our Saviour's hospital here for surgical attention. He later returned to his home but will be kept from his regular duties for some time to come.

CHICAGO CHILDREN TO COME FOR OUTING

Social Service League Seeking Homes for Vacation Period—Last Year's Outing Recalled With Pleasure.

Many people will remember that last year the Social Service League placed a number of Chicago children in the homes of the people of Jacksonville. The children who came greatly enjoyed this outing and the people who took them in enjoyed it as much. The same program is to be repeated this year. As many children as homes can be found for will come the 7th of July. There is no danger of having too many homes offered because there are hundreds of children awaiting the opportunity of this outing. It is really a privilege to entertain these little guests because you feel that you have done something for them which may help them for the rest of their lives. Volunteer workers under the direction of Miss Fowler will soon start canvassing the city for homes for these little visitors. Remember, do your share.

Perfect Foot Comfort

Note this Diagram

The arrow indicates where your weight is distributed normally and in a properly fitted shoe—center of heel, ball of foot and under great toe. Pressure elsewhere indicates improperly fitted shoes and, sooner or later, discomfort and genuine foot troubles.

Take a shoe that you have worn for a time and put your hand inside and run your fingers over the inner sole; you will notice the indentations made which will show exactly where your weight is being placed.

Almost every foot trouble is due to a shoe too narrow, or short, at the ball of the foot and is easily corrected.

If you are suffering from any foot discomfort whatever drop in and let us examine your feet—our advice will cost you nothing and place you under no obligations. We are experts in this work.
